

## **NOVEMBER 15, 2018 ROAD CONSTRUCTION UPDATE**

### **Parking Ban:**

Road work is complete for 2018. The 24-hr. parking ban is lifted; however, be aware that cars parked on the street makes snow removal difficult or impossible in some cases.

### **Used Aggregate:**

All the used aggregate at the boat parking lot and at Old Sandy Beach (the pull out near Beechwood) is available for unlimited use by the membership. This means that members can use it for their properties, but not for non-members' properties. Loading and transportation are self-service, there will NOT be any assistance.

The used aggregate consists of:

- 5/8" pea gravel (CA-14)
- 3/8" crushed black trap rock (CA-16)
